**NEWS LETTER** 

June-July 2012

#### Maria Sadan, Bangalore

Sr. Manju has left for her home province after having spent four years in Maria Sadan as the animator of the house. Our heartfelt gratitude goes to Sr. Manju for her selfless service to the Bangalore Region. In spite of her not being well, she has spent her time and energy for the region. Sr. Manju, we will ever be grateful to you and remember you with love and affection. Sr. Manju is transferred to Dumraon.

We welcomed two new members to our community, Srs. Lawrentia and Sr. Bernadette. Maria Sadan is now raised to a Local House and the first Local Superior of the Regional House is Sr. Lawrentia. We wish her all the best and implore God's blessings upon her.

#### Consecrated Life 2020

At the Young Religious Convention organized by the National CRI in Delhi at Don Bosco from 9 – 12 July 2012 on the above theme, 250 young men and women religious between the age of 30 and 35 participated. It has been one of the most enriching and significant experiences for me. Regional conventions had set 12 goals and the groups prepared strategies to achieve these goals by 2020.

# The 12 goals we discussed in the convention were:

- 1. Good governance in religious congregations
- 2. Messengers of the kingdom of God
- 3. Transformers of human society
- 4. People given Identity for what they are
- 5. A life style of inclusive communion
- 6. Powered by evangelical counsels

- 7. Membership of adult prophets and professionals
- 8. Holistic Creation Spirituality
- 9. Organizational presence and mission thrust
- 10. Media active witness of life
- 11.Connected to modern technology for effectiveness
- 12.Partnership and networking for evangelical fruitfulness.

#### Some of the strategies worked out are:

An integrated approach to initial and on-going formation and so the need to reframe the formation plan and to have trained formators and so the responsibility of the congregation.

Growing in freedom and inter dependency through participatory, consensus - oriented responsive governance and involving young people in decision making

involving young people in decision making process by admitting them in decision making bodies such as general /provincial chapters.

Launching into new initiatives and social networking through relevant media in order to spread and to proclaim the Gospel values.

Networking and collaborating with other secular and ecclesial institutions for socio-cultural transformation.

Accept graduates, professionals and adult prophets as candidates and create a formation programme according to their human and spiritual maturity.

Becoming more and more aware of the nurturing presence of the Mother Earth.

Enhance eco sensitivity in our community celebrations and activities by avoiding use of plastics, and other harmful materials.

Creating a platform to promote eco conscious movements e.g., saving water, tree plantation, etc.

Training young religious in Mass Media and technology.

CRI co-ordinating audio visual programme in collaboration with different congregations for a TV channel, print media and electronic media.

Making modern technology accessible to all the members of the Congregation for the effectiveness of the mission.

Three days of study and reflections proved to us that we are a vibrant group called 'Young Religious' who wants to face the world through their value-based commitment. We became aware that a paradigm shift in religious life is essential to make our mission relevant in this complex world.

We came to realise that it is I who have to make a choice. Like a drop of water which makes the ocean complete, my service and myself is important in my community and the world at large. So we made a promise with lighted candles in our hands that we will bring about change not by being violent, rude, inhuman but by showing the other, the true nature of Christ by being more kind, loving, affectionate. Growth begins where blame ends. Let us strive together for the success of the mission of Christ.

Sr. Suchita

Two of our candidates, Rupali and Jency will be received into Postulancy on 31 July. Please keep them in your prayers.
